As you will see from these yearbook pictures, we have had an exciting year at Homesteader. We are proud to be in the second year of our "Leader in Me" program and to be in the first year of being an "Apple" School.

Students enjoyed participating in many active living events and were introduced to many new foods through taste tasting and healthy eating opportunities. Our students demonstrated their leadership skills by lending a helping hand within their classroom and throughout the school. Many of them took leadership roles in our Majesta Trees of Knowledge competition and we look forward to our "7 Habits Leadership Garden" becoming a reality.

I would like to thank everyone for their part in making this school year a successful one! We truly are the "Little School that Could"!
